A Message from Our President

2017....We have successfully made another trip around the sun. Our country survived a most turbulent election, the Cubs won the World Series, the Broncos won the Super Bowl, and we have seen an uptick in turmoil around the world. Change has also come to Classic Glass Corvette Club. You have selected another new group of officers to guide your club.

Steve Boaz, Chaz Cone and Calvin Cruce are the new Board members. Chris Reed was again selected to be the NCM Ambassador. Linda Greer will be our new Secretary, Cindy Cowart the VP of Membership, Doug Reed the VP Activities, Sandi Johannes as the VP at Large and me (Greg Brooks) as President. I am also confident the board will vote in my nomination of Sara Diehl as Treasurer.

This year I would like to concentrate on getting more members involved in our club and our activities. Mike Hollstein has again volunteered to run both SuperVette and VetteStock this year. These are major fund raising events for our club and Mike will really need your help to make these events successful. (At this point I would like to recognize Lorraine for all the work she does as well. We all know it is a joint effort with them.) The question is: how do we get more people involved? At the beginning of December we had over 250 members. Yet only about half of those voted in our elections. For SuperVette and VetteStock it appears to be the same volunteers each year. We will also be looking for sponsors for many of the events and Doug will need your help. If you have an idea for an event, let Doug know even if it is just a weekend destination cruise.

I have spoken with a couple of our Membership VPs and they have over 50 name tags of people that have joined the club but never returned to pick up their tags. I don't know the reason for people not coming back or dropping out of the club. I'm sure there are the usual reasons; moving, health, job. But I also wonder if we as a group could have done more to welcome new members. Instead of saving all the seats at the table for "our friends", why not save a couple of seats for a new member? When you come to a meeting, do you seek out someone you don't know and have a conversation with them? I know I have been guilty of this behavior in the past as well. But, think back when you joined the club; you most likely knew one couple or a person that invited you to come. Were you made to feel welcome? If not, how did that make you feel? I am open for ideas on how to be a more welcoming club, so if you have any ideas please let me know.

That being said, if you are a new member, there is no better way to get to know your fellow club members than to attend the various events we have throughout the year. As many have heard me say over the years, Rita and I have

met our very best friends through Classic Glass. Some have moved away, but we still remain close because of the friendship created by CGCC. It wasn't done by just attending meetings; we went to many events and sat and talked with lots of people. Try to attend as many events as you can. I know we get caught up in life; in the last three years Rita and I have welcomed four new grandchildren into our family circle. But let's try and get out there this year.

I hope to see a bunch of y'all at the Valentine's Day cruise. Not sure what program we will do yet, but it is always fun. The party will start in Carl and Tonie's room or ours.

And as always: Remember, it is the cars that brought us together but it is the people that keep us coming back.

Holiday Party and Election of 2017 Officers and Board of Directors
December 17, 2016**

The Holiday Party and announcement of the election results was held at the Hyatt Regency Suites Atlanta NW. This event took the place of the General Meeting.

Various officers and board members greeted guests as they arrived. Appetizers and cocktails were enjoyed until dinner was served at 7pm. The atmosphere and music were excellent. We had a great DJ with fun trivia questions, and the food was delicious. The men were quite debonair and the women were very lovely in their festive evening wear. Joe Owens took pictures of couples in front of the Christmas tree. Candid shots were taken all evening; in particular by Dawn Norman and Mike Hollstein. (Forgive me if I overlooked anyone else taking pictures.)

The club auctioned the NCM banner signed by racing team drivers and many other NCM folks. A beautiful Corvette blanket made by Lynn Gollob was auctioned to support Victory Junction. Also, three NCM tumblers were auctioned.

Tonie Etter recognized the CGCC members who have achieved Lifetime Membership – 20 years or more in our club. She then thanked the officers and board members that she worked with during 2016 and then announced the results of the 2017 election. *(Pictures and names of new officers, board and lifetime members are shown on pages three and four.)*

Dawn Norman presented Tonie with a lovely Pandora bracelet from CGCC in acknowledgement of her great leadership during the past year.

The rest of the evening was spent dancing and socializing. A great time was had by all!

Classic Glass News & notes

Terry Dustin recently completed the installation of cameras on his C5 and posted a 22 page description of the install with 70 pictures on www.corvetteforum.com. His intent was to keep it looking as much like original equipment as possible. So, if any C5 people are interested, please see the attached, and hopefully it may help with one of your projects! Doug Reed sent the schedule for the Georgia Ensemble Theatre for the remainder of the 2016/2017 season. He and Chris attend the special \$10 performances that are always the Tuesday and Wednesday immediately prior to the opening date on Thursday. You may purchase tickets at the door from someone wearing a 'Marietta Chapter B vest and shirt.' [Georgia Ensemble Theatre – New 16/17 Season!](#)

Rick Huntzicker: *think about it –*

A guy looked at my Corvette the other day and said: I wonder how many people could have been fed for the money that sports car cost.

I replied: I am not sure. It fed a lot of families in Bowling Green, Kentucky who built it; it fed the people who make the tires, it fed the people who made the components that went into it; it fed the people in the copper mine who mined the copper for the wires; it fed people in Decatur, IL at Caterpillar who make the trucks that haul the copper ore. It fed the trucking people who hauled it from the plant to the dealer and fed the people working at the dealership and their families. BUT... I have to admit, I guess I really don't know how many people.
