**IMAX**

The biggest and best Chattanooga Movie Theater plays new 3D IMAX movies right in Downtown Chattanooga, Tennessee. Just a block away from the Tennessee Aquarium, you can plunge into an amazing underwater adventure or travel to fascinating lands at Chattanooga's premiere movie theatre. The six-story IMAX screen, the largest in the region, is the only one big enough to show you a life-sized blue whale as big as a school bus. IMAX 3D movie theaters offer one of the most engaging movie experiences in the world.

The Tennessee Aquarium IMAX® 3D Theater has become one of the first official "Certified Giant Screen" theaters in the world. The new certification program was announced during the Giant Screen Cinema Association's International Conference.

At 89 feet wide and 66 feet tall, the Aquarium's IMAX® 3D Theater has one whale of a screen that almost doubles the size requirements needed to earn the title as Chattanooga's only Certified Giant Screen.

**12:00pm – Born to be Wild 3D**

Watch this inspiring story of love, dedication and the remarkable bond between humans and animals. This film, narrated by Academy-Award® winner Morgan Freeman, documents orphaned orangutans and elephants and the extraordinary people who rescue and raise them. This heartwarming adventure transports moviegoers into the lush rainforests of Borneo and across the rugged Kenyan savannah with celebrated animal experts as they and their teams rescue, rehabilitate and return these incredible animals back to the wild.
