+++++

This is a great opportunity to blow some carbon out of your Corvette's engine if you been doing a lot of stop and go driving. Or, just to experience the absolute terror of driving on a banked oval. Yep, it's as steep as it looks, but gravity and high speed are on your side, so don't worry about it. ;-)

Late breakfast / early lunch at the Marietta Diner at 11:00AM. We will depart from the 120 Tavern at 12:00PM. Remember if additional laps are desired, they must be purchased with cash or checks only! No plastic.
