

# Welcome to our New Members

There is no reason for new members to feel like strangers at Club events. These new member cruises are being offered as an opportunity for newer members to become acquainted with each other and older members as well in a relaxed and more intimate atmosphere. The goal is to promote friendship and a strong sense of belonging such that new members feel like they are part of this Club as soon as possible. I believe the way to accomplish that is to interact with other Club members and make new friends quickly.

This cruise is Saturday June 26<sup>th</sup>. This is a rain or shine event. We will meet at I-75 exit 277 (Hwy92) at the Hardees / Shoneys adjoined parking lot at 10:45 AM and leave by 11:00. We will head north on I-75 and exit at 283 and drive to Johnny Mitchell's Smokehouse in Cartersville, [650 Henderson Dr #403, Cartersville, GA 30120](#). This will be a repeat of the wonderful BBQ lunch we enjoyed on the new member cruise in April. The menu will again feature brisket, pulled pork, garlic chicken wings, all the trimmings and a peach cobbler dessert. The brisket could be cut with a fork and was probably the best most had ever eaten.

After lunch we will take the back roads to Summerville. We are going to visit Greg Wyatt Auto Sales Vintage Corvettes, [905 York Rd, Summerville, GA 30747](#). Gregg's showroom has 30 to 50+ vintage Corvettes at any one time. These cars are pristine and what you might find at Barrett Jackson or Mecum auctions. His entire facility is in a beautiful countryside estate setting. The grounds also feature a private runway and hangar for Gregg's vintage aircraft collection. This tour is by invitation only and this facility is not open to the general public.

The Club last visited Gregg's showroom in 2013, eight years ago, so do not miss this opportunity to view some awesome vintage Corvettes in a wonderful setting. We should be on our way home around three PM, so please plan accordingly.
