

CGCCers: If you are interested in the Veterans Day Parade on November 6, 2021, please email Dan Nugent danug@comcast.net with your name, year, color and model of car, provide your contact information and club name. See below...

Subject: Veterans Day Parade Participation Listings for November 6, 2021 Celebration

We are now less than a month before the Parade and most of the planning and preparation is in progress now. The Corvettes to be used during the parade need to be registered for planning and identification at the assembly area. There will be no dignitaries riding with us this year. We have been limited to no more than 12 Corvettes due to the amount of parade space available for the Corvettes in single file through the parade route. Please **send me:** your driver names, Corvette year/model, color, and the driver's contact phone number (mobile if available). Send to me at danug@comcast.net to provide the parade director the count for spacing and positioning.

The Parade Committee has reserved a parking lot available for a "Car Show" before, during, and after the Parade. There will be military vehicles to include Humvees, WWII Jeeps, Vintage Cadillacs, and Corvettes. You will be able to watch the parade from this parking lot.

I have attached a Map that shows the location for the Car Show as well as the Parade Route for your reference. You will need a registration name and Corvette identity to get in to this Car Show parking lot. Please submit this information to **me ASAP** so the parade officials can determine how many vehicles can fit the space (probably less than 50). There are 38 units expected for the parade.

Spectators, families, and friends are encouraged to attend the theme for this year's events and support "The Last 100 Yards" to honor the infantry from both US Army and Marine Corps. There is no charge for entrance and numerous shops and dining choices will be available on site near The Battery Atlanta. The Parade starts at 1 PM followed by the Observation Ceremony at 2 PM. The festival ends at 4:30 PM.

We appreciate your support and participation!

Dan Nugent

Corvette Club Coordinator
