Track Night in America @

Atlanta Motorsports Park

20 Duck Thurmond Road, Dawsonville, GA, 30534

March 24th, 2021

Atlanta Motorsports Park (AMP) is a road circuit designed by famed Formula One architects, Hermann Tilke. AMP is a 2-mile road circuit with elevation changes, technical circuit layout, high-speed straights and two 'signature' corners designed to pay homage to famed European race circuits; Belgium's Spa-Francochamps and the iconic 'Carousel' from Germany's Nurburgring. Incorporating these most famous and exciting elements of all of tracks only hints at how much fun AMP is.
