**VR** **TOYS FOR TOTS** **GLASSLIFE ATLANTA**

Fellow CGCC Members - please put this Toys for Tots at Vengeance Racing (VR) event on your calendar. If you are planning to attend Corvettes & Coffee that day, heading up to VR afterward would make for a great day.

Note that VR is offering to do two dynotune “pulls” on your Corvette for \$50. If you ever wanted to see what horsepower and torque is being delivered to your rear wheels, here’s your chance.

The Marine Corps Reserve Toys for Tots is a wonderful program that provides toys for children who may not have a Christmas without these generous donations.

Please bring New, Unwrapped toys.

Hope to see you there. Ron Mowen, VR Owner, has told me that there will be lots of new and exciting stuff this year including VR and Glasslife giving away BIG prizes.
