

NCM VOLUNTEER WORK DAYS
June 20 – June 22, 2023
Tuesday – Thursday

I am excited to announce the dates and activities for the CGCC Volunteer Work Days at the NCM this year as noted above. Itemized below is a tentative activity schedule that I will fine-tune closer to date once I can nail down the number of participants.

Hotel accommodations are as follows:

Country Inn and Suites
535 Wall Street
Bowling Green, KY 42104
270-781-7200
20 rooms reserved:
10 king, 10 double queen
Reservation cutoff date is: May 20, 2023

Block is under the name of NCM Volunteer Work Weekend.

My plans are to drive up Tuesday morning, June 20, leaving from the McDonald's at Exit 290 in Cartersville, Highway 20 at I-75 N, around 9:00 am (meet no later than 8:30 am for food and/or potty break). Turn right at end of exit ramp and you will see the McDonald's on your left. We will pull out promptly at 9:00am. Once we arrive in Bowling Green, we will go to Exit 28 and head towards the NCM. There is a McDonald's, Wendy's and a Hardees at that exit where you can grab lunch then drive on over to the Museum where we will meet (time to be determined). At this point, what we will do Tuesday afternoon and our dinner plans are also "to be determined".

Wednesday will be our Volunteer Day. We will meet at our designated spot inside the Museum, which is to be determined, at 9:00am. We will volunteer from 9:00am to 12:00pm and then take our lunch break. You will be on your own to eat fast food or eat at the Stingray Grille on Corvette Blvd inside the Museum. Our lunch break will be from 12:00 to 1:30. Then, at 1:30pm, we will meet back at our designated area and volunteer until 4:30pm. You will then be on your own until dinner time. Dinner plans will be announced at a later date.

Thursday morning, we will tour the Bowling Green Assembly Plant. Time for the tour(s) will be finalized once we have a firm headcount. There is a 15 person limit per tour so we may have to take two or three back-to-back tours to accommodate everyone (to be determined). The cost for the tour is \$50.00 per person. I will collect the money from everyone who wants to participate in the plant tour

and make one total payment with my credit card. The Museum is not in a position with time or staff to handle reservations for groups. The tour takes about two hours and please note we will be on a concrete floor. Below is some information from the Plant for all participants. Please familiarize yourself with these rules.

- Plant and Museum tours are included as a combo ticket and must be used on the same day.
- Please arrive 30 minutes prior to Tour time.
- Bring printed tickets with you; phones are not allowed in the plant.
- Plant Tours are not available on weekends and during specific blackout dates.
- No cameras, phones, tablets, or other electronic devices are allowed. No purses, bags, or totes (unless for medical reasons) allowed.
- All attendees must wear closed-toe, closed-heel shoes. No high heels are permitted.
- Children must be 13 years or older.
- Wheelchairs available at no charge.
- No walking assists allowed on plant tour (canes, walkers, crutches, etc.)
- Occasionally, due to circumstances outside of the National Corvette Museum's control, the plant may not be in normal production during part (or all) of your visit. Your scheduled tour will continue with your guide, sharing the full assembly process. Refunds and discounts do not apply.
- By booking your ticket, you accept these terms.

After everyone has completed the tours, we will grab lunch somewhere (to be determined) and then head home.

Tuesday and Wednesday nights we will have dinner together as a group. The Museum is helping me determine some good restaurants that will accommodate groups.

I will be sending out a club email blast to let everyone know about our work weekend plans as they evolve. We will need to be quick with our decision to participate on the plant tour as spots fill up rapidly. So please be watching for further communication from me as to times available for our tours and when the money will be due (no later than the **March GMM**).

I'm certain we will have a fun time while also giving of ourselves to the NCM. Trust me when I say they are so very appreciative of Classic Glass and our annual trek to the Museum to volunteer. They know they can count on us to produce and work diligently.

I look forward to our time together and will keep everyone informed.

Regards,

Hillary Dukas
NCM Master Ambassador for CGCC
