

CGCC Midweek Cruise #3

DATE: Wednesday, September 20th

MEET UP LOCATION: [RaceTrac Gas station - 1328 E Main St, Cartersville, GA 30121](#)

MEET UP TIME: 7:45 am for drivers meeting and briefing.
Leaving at 8am sharp **Make sure you are full of fuel, tires checked - ready to pull out at 8am**

PACE: Touring - sightseeing mostly. I may crack the throttle just a bit if the roads warrant it. We are driving Corvettes after all. This will not be one of my "spirited pace" runs - I promise.

RADIOS: Channel 7 (no sub channel). If you don't have a radio, you should probably buy some. I prefer Midland rechargeables. I've got Midland's X-Talker T71VP3, but there are cheaper ones that work. I use a headset as it's far easier to drive with.

HOST: Jeremy Whitehead - 678-431-6505 c7limerock@gmail.com I recommend saving my info in your phone in case you would need to contact me.

DRIVE LOCATION: Backroads to Chattanooga. This will be my usual mix of North Georgia scenic backroads that are sometimes little more than one-car wide. Be prepared for little windy backroads and lots of turns. Most of you know what to expect with me.

LUNCH: Lunch will be at [Sticky Fingers](#) (my favorite rib joint). It's in downtown Chattanooga. There are pay lots all over the place but they're reasonable. (I paid \$7.75 for a Saturday night – I would imagine it'll be less for lunchtime on

a weekday). I was told that there should be plenty of parking on a weekday. I've reserved the back room at Sticky's for us so we'll have plenty of space. I've attached the menu and Angie marked the items that are considered to be their specialty items.

OTHER INFORMATION: This will likely be an all-day thing, but feel free to peel off and head home at any time as long as you let me know so we're not thinking you're lost. I'm a fan of comfort breaks, pee stops, whatever. I don't mind stopping as long as I can find somewhere for all of us. We're going to frequently be in the middle of nowhere so try and let me know via radio as soon you can and I'll try and accommodate as soon as I can. After lunch, there are quite a few things to do up in that area. You can either head home on your own or we can go do something fun like the Incline Railway, Rock City or even the International Towing Museum (Yes, there really is such a place). We can discuss that at lunch.

This part is important so PLEASE MAKE SURE YOU READ AND UNDERSTAND IT. These rides only work if you keep up with the guy in front of you. You don't need to ride his bumper, but don't lollygag and get us spread out too far either. The people in the back can't hear my radio calls if you're goofing around and not keeping up. You've GOT to keep in touch with the car in front to know where we're going. There will be LOTS of twists, turns, stop signs and changes of direction. I'll call out turns on the radio. Pass them back. ALSO - BE RESPONSIBLE for the guy behind you. If you know we're turning and can't see the guy behind you - don't be a jerk and take off. Make sure he sees you turning and knows which way we're going. I will do my absolute best to keep us together, but I really need ya'll's help.

Jeremy Whitehead
