

Classic Glass Corvette Club Poker Run

Classic Glass Poker Run in the North Georgia Mountains – Sat. 20 July 2024.

Organizer: John Price - Cell ph. 770-329-7725

Starting Location: Rally Point Grill Parking Lot – 10009 Hwy 92, Woodstock, GA 30188

Ending Location: Tin Loong & The Dragon Tail Restaurant and Grill, 5771 Appalachian Hwy. Blue Ridge, GA 30513

We will open Registration at 9:00 that morning with a planned short briefing at 9:15 and departure at 9:30 AM.

We expect those on the run to start arriving at Tin Loong by 12:00 – 12:30 PM for Lunch.

We will be presenting a trophy and a special prize for the best poker hand at the end of the run based on cards drawn at each of four checkpoints and one at the Lunch destination.

There will also be a trophy and a special prize for the winner of an optional trivia contest with 20 questions about sights along the prescribed poker run route.

This run should prove to be a fun event with some interesting and lightly traveled roads to enjoy in our Corvettes.

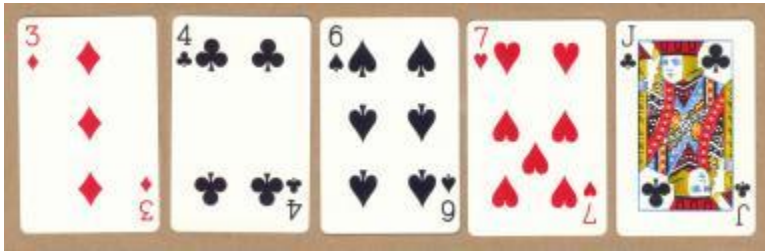

Come out and join us for some scenic driving and Lunch with friends.

Poker Hierarchy-of-Hands

So, what hand beats what?

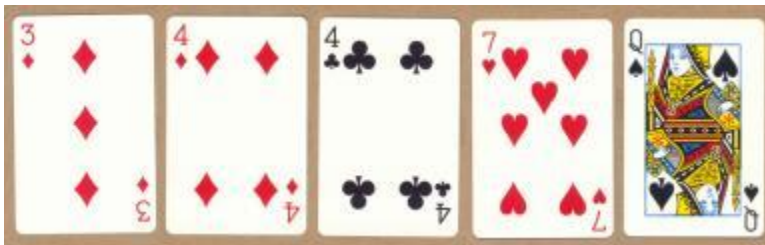

- **High Card**

The hand contains five unmatched cards; in this case, the Jack is the high card. If no one has a pair or higher, the hand with the highest value card wins.

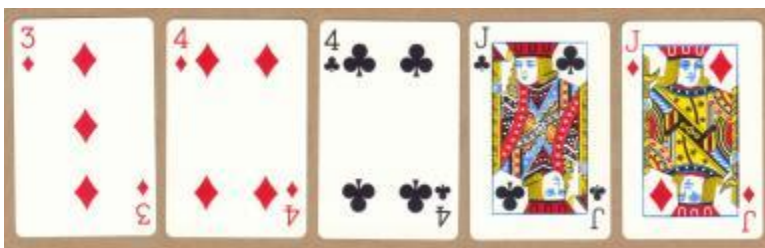

- **A Pair**

The hand contains two cards of the same value (two-of-a-kind). It beats hands with no pair. If multiple hands have pairs, the hand with a pair of the highest value wins.

- **Two Pair**

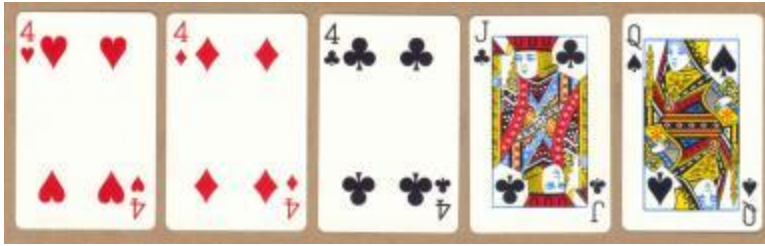

The hand contains two pairs. If multiple hands have two pairs, the hand with the highest pair wins.

-

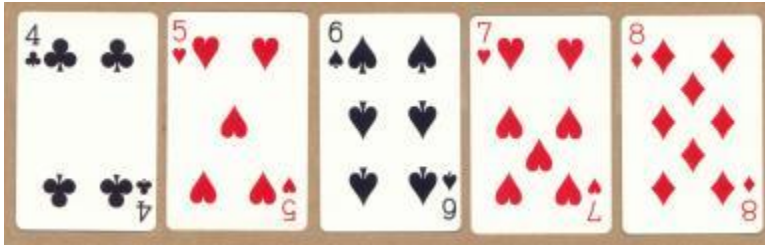

Three-of-a-kind

The hand contains three cards of the same value (also called "Trips" or a "Set"). If multiple hands have three-of-a-kind, the hand with the highest three-of-a-kind wins.

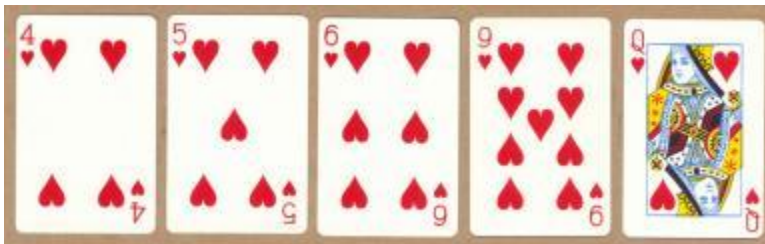

- **Straight**

The hand contains five cards of contiguous values, mixed suits. If multiple hands have a straight, the hand with the highest card wins.

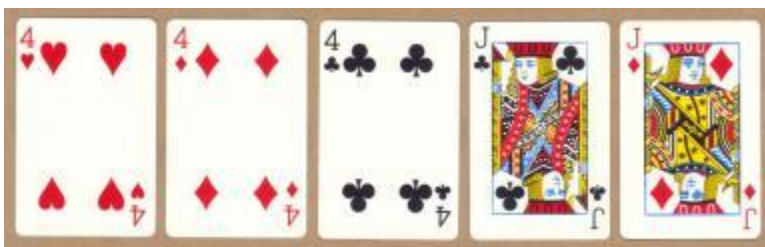

- **Flush**

The hand contains five cards of the same suit, *not* contiguous values. If multiple hands have a flush, the hand with the highest card wins.

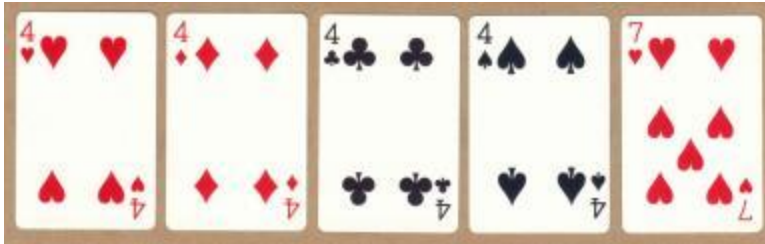

- **Full House**

The hand contains three-of-a-kind *AND* a pair (also called a "Boat"). If multiple hands have a full house, the hand with the highest three-of-a-kind wins.

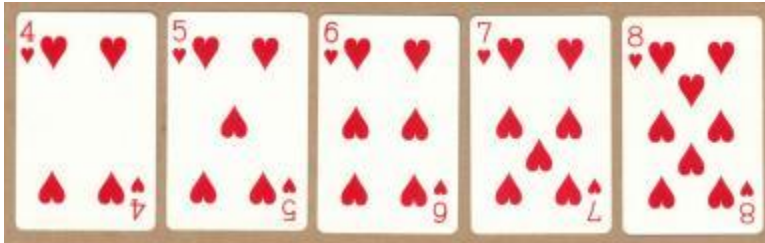

- **Four-of-a-kind**

The hand contains four-of-a-kind. If multiple hands have four-of-a-kind, the hand with the highest four-of-a-kind wins.

- **Straight Flush**

The hand contains five contiguous cards of the same suit. If multiple hands have a straight flush, the hand with the highest card wins.

- **Royal Flush**

The hand contains the 10, Jack, Queen, King and Ace of the same suit (the best hand in poker).
